- Familiar with the latest Apple technologies such as ARKit

Bonus Points

- Full stack skills
- Know computer vision, data science, machine learning and natural language processing
- Have personal projects at GitHub with 100+ stars
- Experienced in coaching junior developers
- Experienced in open source projects.

Location: Málaga

About the #EagleTeam

Screening Eagle Technologies | Proceq | Dreamlab

We are on a mission to protect the built world with software, sensors and data. We hire talented problem-solvers with bold ambition who share our passion for inspection technology to sustain mission-critical assets and infrastructure for future generations. Our culture is creative, innovative and inclusive. We are a fast-paced, product-driven, growth company headquartered in Switzerland with our Singapore and Malaga technology hub and a global mindset looking to lead a digital revolution in inspection.
