

## Road Marking Skid Resistance **Proceq SRT 5800**

Portable Skid Resistance Tester

### **Accuracy**

The Pendulum Test Value (PTV) appears automatically on the OLED digital display, eliminating the possibility of parallax error.

### **Efficiency**

The digital display provides helpful prompts to simplify and accelerate the test procedure.

### **Ease of Use**

Intuitive, easy-to-use design. All historical data is stored for future recall, and personalize software and reports to include your organization's name, colours and logo.

## Software / Workspace App

## Processing Unit / Sensor

<b>Display</b>	Digital option available on Pro versions
<b>Weight</b>	28 kg (61.7 lbs)

SWISS  MADE
